

3rd Edition
BBSPA
Kiev Upstream & Investments Workshop
 4th November 2011, Kiev, The Hyatt Regency Hotel
 Focused on deep water exploration and shale gas

Confirmed Participation and Presentations by: BBSPA, BNP Paribas, Cadogan Petroleum, Chevron, Edison, ExxonMobil, Falcon Oil and Gas, ION Geophysical, the Ministry of Ecology and Natural Resources of Ukraine, The Polish Geological Institute, RAG, RWE Dea, Schlumberger, Ukrainian Legal Group, Vanco Prykerchenska

08:30 - 09:00 Registration and Coffee

09:00 - 09:30 **Dr. Volodymyr Ignashchenko**
 Conselor to the Minister of Ecology and Natural Resources of Ukraine
Upstream Investments and Opportunities in Ukraine: Deep-water Tenders and Shale Gas Projects

09:30 - 10:00 **Dr. Irina Paliashvili**
 Managing Partner, RULG-Ukrainian Legal Group
Legal, Regulatory and Institutional Frameworks of Upstream Activities in Ukraine

10:00 - 10:30 **Mr. Dominique Menu**
 Head of the Ukraine Representative Office, BNP Paribas
Ukraine: an Unchartered Territory

- Financial situation in Ukraine
- Project finance aspects
- Obstacles before doing projects in Ukraine

10:30 -11:00 Coffee Break

11:00 - 11:30 **Mr. Andras Jenei**
 Advisor to the Board, Falcon Oil&Gas
 Head of Energy Workshop, CFP
Can Shale Gas Become a Game Changer in Ukraine?

- The Hungarian shale experience
- Is the US experience adaptable?
- The bottlenecks of future developments
- Overcoming environmental risks

11:30 - 12:00 **Dr. Piotr Krzywiec**
 Polish Geological Institute
Regional Understanding of Shale Gas Opportunities in Eastern Europe, Dr.Piotr Krzywiec et al.

- Current exploration activity in Poland and Ukraine focused on shale gas - an overview
- What is known - geological background for shale gas exploration in Poland and Ukraine
- What is unknown - main geological unknowns for the Lower Paleozoic shale succession in Poland and Ukraine
- What is needed - analysis of regional geophysical and geological data that is necessary to better understand shale gas play in Poland and Ukraine

12:00 - 12:30 **Dr. Valentin Kunev, Manager, BBSPA**
BBS Upstream Activities Update

12:30 -14:00 Lunch

Deep Water Exploration

- Deep Water Exploration in the Black Sea
- Investment Opportunities and Investment Potential for Deep Water Explorations in the Black Sea: What are the Legal and Regulatory Framework and Business Climate?
- What are the Ongoing and Forthcoming Exploration Licenses Tenders?
- Partnership between NOC and IOC
- Farm-in and Farm-out Update
- Exploration and Production Activities
- Geological and Political Risks

Shale Gas

- Shale Gas Activities in Europe and the BBS region
- What is the Progress of Shale Gas Projects?
- What are the Exploration and Development Risks?
- How Technologies Meet Environmental Concerns
- How far Have Exploration Techniques for Shale Gas Gone?
- Update of Farm-in and Farm-out Dynamics
- What are the Legal and Regulatory Framework and Business Climate?
